Office of the Senior Surgeon, Mysore Govt. 14

Dated, Bangalore, 10th January 1919.

From

Rajakarya Pravina

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,

Senior Surgeon with the Government of

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

His Highness the Maharaja of Mysore,

Bangalore.

Sir,

On my representing to the President pf the Sanitary Board, Kolar Gold Fields, that as there was a well equipped Maternity at Robertsonpet, there was no necessity for a female dispensary with a couple of beds at Champoin reef for so far as maternity work was concerned and that the requirements of female outpatients could be met by converting the female dispensary into a general dispensary under a male Sub Assistant Surgeon (instead of a Lady Apothecary) whereby not only male and female out-patients could be treated but also cases of accident among males and females could be attended to, the Sanitary Board, in their resolution, copy enclosed, while agreeing with the proposal, want an Assistant Surgeon to be placed in charge of the proposed male dispensary, and the continuance of the present labor wards to meet emergent cases. I am of opinion that when the institution is transferred to the charge of a male medical officer or subordinate, no labour-wards need be maintained in the institution. But the wards will continue as wards for the accommodation of cases of accident among males and females, and the midwife may also continue on the establishment, working in the dispensary whenever she is not employed on labour cases outside. With a Maternity and a Civil Hospital within 2½ miles, and under Highly qualified of-

Enclosure No. /

Subject.

Proposes the conversion of the Female dispensary at Champoin Reefs, K.G. F., into a general one, under a male Sub Assistant Surgeon.

officer of the Surgeon's grade, there is no necessity of posting an Assistant Surgeon to the dispensary at Champoin Reef. A 1st or 2nd class Sub Assistant will do very well to meet the needs. The proposed change of the Female Dispensary into a male one, involves no additional cost, but a reduction in cost, so far as that institution is concerned, the reduction being to the extent of the difference between the average pay of a Lady Apothecary and the average pay of a Sub Assistant Surgeon, viz., 137½ + 30 the average pay and allowance of a Lady Apothecary, and Rs.62½, the average pay of a Sub Assistant Surgeon., or Rs.105 per mensem.

I request that my proposal to convert the dispensary into a general dispensary under a male Sub Assistant Surgeon, may kindly be sanctioned.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Letter No.183, dated 28th October 1918, from the President, Sanitary Board, Kolar Gold Fields, to the Senior Surgeon.

With reference to your letter No.c.243, dated 3rd August 1918, regarding the conversion of the female dispensary at Champoin reef into a general one, I have the honor to forwardh herewith a copy of the Board's resolution No.8 in their meeting held on the 23rd August 1918 and to state that the Board, while agreeing to medical aid being rendered to both sexes alike in the dispensary, are of opinion that the present labor wards be retained for the purpose for which they were originally intended, i.e., to provide for precipitate labor cases.

2. The Board are strongly of opinion that an Assistant Surgeon should be posted to be in charge of the dispensary to make it really useful.

3. The Boards' views may kindly be supported and early sanction of Government may kindly be obtained.

"Enclosure".

Proceedings of the first ordinary meeting of the K. G. F. Sanitary Board, held on Friday, 23-8-1918.

Read letter No.c.243 dated 3-8-1918 from the Senior Surgeon, requesting to obtain the views of the Board in the matter of converting the Femde dispensary at Champoin reefs into a general dispensary by replacing the Lady Apothecary by a male Sub Assistant Sur

Read also petitions from the residents on the same subjec

Resolution. The female dispensary may be converted into a general one by replacing the Lady Apothecary by a duly qualified Assistant Surgeon, provided the following facilities are mainteined
The present labor wards remain for the purpose they were established, viz., emergency cases only.
That the midwife be retained on the establishment.
